Enjoy Adventures That Meet Your Goals

MOERA Challenge Course facilitators are trained to meet your organizations needs in a fun and safe adventure environment. When scheduling programs, the MOERA Challenge Course staff and your organizations representatives will work together to determine your organizations goals and design programs to meet those goals.

The Challenge Course is part of the Northwest Missouri State University MOERA project. Components of MOERA currently include the Challenge Course, a Courtesy Dock, Biological Reserve, Trap and Skeet and an Astronomy Observatory. Planned facilities include Target Archery, Field Archery, Education Pavilion with an Amphitheater, Anglers Fishing Dock and an Education Center.
